ROVERS & RANGERS

Attending Loyola Degree College has been an inspirational journey for me! Exceptional teaching and non-teaching staff, multiple opportunities to showcase our talent, on-the-job training, and a welcoming community made my three years filled with growth and excitement. I would wholeheartedly recommend Loyola to anyone who is seeking a good college to kick-start their career.

I can say with great satisfaction that my time at Loyola Degree College was amazing. It has given me lifelong values, for which I will always be grateful. I treasure every second I get to spend at Loyola. I am grateful to the faculty, staff, friends, and administration for making my time at Loyola unforgettable.

Kempegowda
International Airport

Loyola proved to be more than just an academic institution—it became a nurturing environment where teachers assumed roles akin to parents, imparting not only knowledge but also instilling values, nurturing sporting talents, and fostering extracurricular pursuits. The unwavering support and guidance from our Principal and faculty empowered me to navigate life's challenges with confidence. Today, I witness the profound impact of Loyola's holistic approach; my peers from other colleges struggle where we excel, a testament to our solid foundation in fundamentals.

As a student at Loyola Degree college, I have experienced a lot. The faculty in our college were too supportive, they helped me in challenging myself with my works and also made me a capable individual. The campus and the environment of our college is too soothing and calm. I'm grateful for the education and also the lifelong bonding and connections with the teachers and my fellow mates here.

Attending Loyola Degree College has been an incredible journey filled with an enriching experience, supportive faculty, diverse opportunities, and lifelong friendships. It not only made me responsible but also shaped me as a responsible citizen for the society. I am grateful for the outstanding education and memorable moments Loyola has gifted me.
